REPORT 1

CD NO.

DATE DISTR. 14 OCTOBER 1955

NO. OF PAGES 1 25X1

NO. OF ENCLS.
(LISTED BELOW)

25X1

**SUPPLEMENT TO
REPORT NO.**

THIS IS UNEVALUATED INFORMATION

1. [redacted] in May 1955 [redacted] large deposits of anthracite coal had been discovered in the Doberlug-Kirchhain region. [redacted] this anthracite was of better quality than the top-grade English anthracite.
2. The East German government is now preparing a huge project for the exploitation of this new anthracite deposit.
